

4011 Clouburst Concrete

## Bring your design dreams to the surface with Caesarstone

Your kitchen surface is the focal point of your home. You trust that it is of the highest quality craftsmanship and made with only the best materials available. Caesarstone consists of up to 93% quartz – one of nature's strongest minerals – and combines beauty with outstanding performance, allowing you to bring your design imagination to life.

Founded in 1987, Caesarstone is the pioneer of engineered quartz surfaces. Its leadership position in the market is achieved through a continuous focus on research and development and technical investments. For three decades, Caesarstone has set new standards for innovation and craftsmanship and continues to set trends in the industry.

# Newest Inspirations

4643 Flannel Grey **NEW**

4044 Airy Concrete **NEW**

4023 Topus Concrete **NEW**

4046 Excava **NEW**

#### **4623 Flannel Grey**

Dark grey accents swirl across a soothing medium heather grey base. This versatile neutral can work in contrast to bold colors or can calm a space in monochromes. Flannel Grey is urban-cool when coordinated with rich cabinetry and slate, and when accented by on-trend hues such as turquoise or terracotta.

#### **4044 Airy Concrete**

A calm grey base enriched by lively clouds of white and dark grey capture the essence of the interface between water and air pulling the gravity of waves to the surface. Its airy visual textures express depth and connect you to your surroundings. Airy Concrete meets the ongoing demand for industrial design with a softened edge.

#### **4023 Topus Concrete**

Rich shades of buttermilk veil a cream-toned base creating a multi-layered effect. The subtle movement of the surface reveals depth and dimension as undertones echo the pastels that are impacting interiors today. Topus Concrete's complexity blurs the boundaries of ancient masterpieces and modern construction.

#### **4046 Excava**

Deep auburns, chestnuts and coppers sweep across an unpolished canvas. The surface's excavated look and feel were inspired by the intriguing manufacturing patinas of casting and oxidizing. In Excava, authentic features of rust and concrete are achieved for the first time in quartz. The bold and dynamic visual presence has a warming effect and compliments a wild or urban aesthetic. Find sophistication when paired with matte finishes, taupe tones and mahogany.

# Metropolitan Collection

The Metropolitan Collection is crafted beauty reflective of the layers found in industrial art and architecture, highlighting dimensional surfaces and unpolished colors, and bringing texture to the surface.

The new 2018 additions to the Metropolitan collection include: Excava, Topus Concrete, Airy Concrete, Cloudburst Concrete and Frozen Terra. These designs realize the authentic dimensions of manufacturing such as oxidized steel, poured plaster and raw concrete. The colors are inspired by factories and lofts that translate into residential and commercial interiors.

# Finish Descriptions

## Polished

An elegant and highly reflective surface that is smooth to the touch. Caesarstone's Polished finish emphasizes color and sets the tone for sophisticated spaces with its stunning luster. The sleek surface helps a room appear more spacious, adds luxury to interiors, and boasts remarkable style and endurance. Our standard finish is designed for life, requiring minimal care and maintenance.

## Honed\*

A satiny finish with low sheen and a natural, less formal aesthetic. Caesarstone's Honed finish exudes an organic appearance with its low light reflection, while retaining a stylish, authentic quality with high design appeal. Smooth to the touch, yet soft on the eye, our Honed finish is in perfect harmony with both classic and modern design approaches.

## Concrete\*

A lightly textured concrete complexion that adds a sensorial dimension to any space. Caesarstone's Concrete finish has a soft earthiness with low light reflection, similar to Honed but with a tactile effect. The surface evokes a natural feel that brings balance to a room, while delivering a classic industrial presence.

## Rough\*

This rich, complex, technologically advanced surface offers a compelling tactile effect, while still retaining a smooth profile that is inviting to touch. Caesarstone's Rough finish has a distinctive, coarser look with low light reflection, inspiring a modern industrial vibe.

Our Rough finish is designed to reflect the authentic patinas of industrial materials, the variations in appearance capture real depth and movement, revealing different qualities that make each slab distinct. Applications featuring multiple slabs will experience inherent visual differences.

Because of the unique properties, our photos and website images are not fully representative of the surface. When considering this finish, please order a sample or view a full slab at a retail location.

\* Due to the nature of the surface design, it is recommended that common household spills like liquid droplets and rings are dried immediately. Additional care and maintenance will be required.

# Introducing Transform by Caesarstone

## Breathe new life into your space

Caesarstone combines beauty with outstanding performance, allowing you to bring your design imagination to life. With Transform by Caesarstone, you can enhance your home with the elegance and style of long-lasting Caesarstone... in just hours.

Transform by Caesarstone is a cutting edge, 13mm custom quartz overlay that is professionally applied on top of your existing countertops, giving you a luxurious update

without the time, tear-out and cost of a full countertop remodel. Blending leading edge technology, color and design innovation, Transform by Caesarstone brings the most durable, beautiful surfaces to your home in the speed of life.

Visit [transformyourkitchen.com](http://transformyourkitchen.com) to find a Transform retailer near you.

Please note, samples are 2cm thick however Transform™ is only available in 13mm

(1:1 scale)

Nigel Barker transformed his kitchen in one day with Transform by Caesarstone | Frosty Carrina

# How it works

## TRANSFORM by caesarstone®

### Transform™ countertop

Transform™ is carefully applied to the top and sides, covering the old countertop.

### Adhesive application

The adhesive is mixed to match the color and applied to the surface.

### Surface prep

The surface of the current countertop is prepared and cleaned for application.

### Current countertop

Tracy Interiors, HC Studio  
5141 Frosty Carrina

## Surfaces that go beyond the kitchen

Caesarstone surfaces are not just for kitchen countertops. They are popular for use around the fireplace, on featured walls and in the dining room to add a touch of style and sophistication.

The surfaces are ideal for furniture pieces like coffee tables and entertainment units, and they are perfect for wet areas, like bathrooms and wet bars, due to the nonporous nature of the material.

## Additional Applications

### Caesarstone Applications

Countertops and backsplashes

Shower and tub surrounds

Thresholds

Lavatories and sinks

Interior wall cladding

Table and desk tops

Food service areas

Bank teller stations

Wainscots and wall bases

Elevator cab walls

Service counters

### Industries that use Caesarstone

Restaurants

Hospitality

Retail

Corporate

Multi-Unit Residential

Healthcare

Education

Public Buildings

Banking

Transportation

# Edge Profiles

Your surface is not complete without an edge profile to complement your slab selection and space. With Caesarstone, selecting the best fit is easy. The unique properties and durability of Caesarstone quartz surfaces allow for a wide range of edge profile design options.

Many edge profiles are possible, from a standard edge to laminated or mitered edges which create the appearance of a thicker slab. All edge details should have a minimum 1/8" radius on any profile, for both top and bottom edges. For high-traffic areas, 1/4" minimum radius is suggested.

# Wall Applications

Caesarstone has specially selected a range of colors and designs in 13mm thickness for wall applications.

Because Caesarstone quartz surfaces are nonporous and mold and mildew resistant, they are ideal for kitchen backsplashes and bathroom wall panels. Large slab sizes provide a sleek and modern aesthetic, minimizing joints and maintenance.

# Caesarstone Slab ID

The underside of every Caesarstone slab is uniquely stamped with identification information establishing authenticity.

# Slab Sizes

**Standard Slab Size**  
120" (144cm) x 56 1/2" (305cm)

**Standard Size Weights**

1.3cm	277-296 lbs (126-134kg)
2cm	436-455 lbs (198-206kg)
3cm	659-684 lbs (299-310kg)

**Jumbo Slab Size**  
131 1/2" (334cm) x 64 1/2" (163cm)

**Jumbo Slab Weights**

2cm	544-569 lbs (247-258kg)
3cm	822-851 lbs (373-386kg)

**Weights per kg/m<sup>2</sup> and lb/sq. ft.**

1.3cm	5-7 lb/sq. ft. (28-31kg/m <sup>2</sup> )
2cm	9-10 lb/sq. ft. (45-47kg/m <sup>2</sup> )
3cm	13-15 lb/sq. ft. (68-71kg/m <sup>2</sup> )

# Care and Maintenance

Honed, Concrete and Rough surfaces will require additional daily and weekly care. Due to the nature of the surface design, it is recommended that common household spills like liquid droplets and rings are dried immediately. As with any matte product, owners of Concrete, Honed and Rough finishes may experience an increase in smudges from everyday living.

Weekly, the surface should be cleaned with Soft Scrub Liquid Gel and thoroughly dried.

If you are considering Honed, Concrete or Rough surfaces, we encourage you to order a sample. When you receive your sample, try treating it to a few different scenarios that you may face in your kitchen; spill something on it, touch it with greasy fingers, clean it. This will help you understand how the surface responds to your daily life and how comfortable you feel with it.

## Benefits

Caesarstone quartz surfaces are the ultimate combination of nature and technology. Nonporous, scratch resistant and highly resistant to stains, Caesarstone retains its beauty without sealants or waxes and is practically maintenance-free.

# Certifications

Caesarstone is committed to sustainability, quality and meeting health standards. Caesarstone quartz is also the only countertop manufacturer to hold the Good Housekeeping Seal.

“

*Caesarstone earned the Good Housekeeping Seal through evaluation by our Research Testing Institute and was found to be a product that will deliver excellent results and performance. Earning the Seal by passing our engineering and consumer usage evaluations speaks volumes about the high regard Good Housekeeping holds for the Caesarstone product.”*

## Sean Sullivan

Associate Publisher for Good Housekeeping

Additionally, Caesarstone quartz meets American Greenguard's exacting standards, is created by the National Sanitation Foundation for laboratory, healthcare facility and food preparation safe surfaces, and ranks high with the United States Green Building Council.

This environmentally-responsible attitude extends from production to product, with several new colors featuring recycled content.

Our mission is to preserve the planet by creating sustainable products. Caesarstone has also pioneered environmental and sustainability standards, such as recycling 97% of water used in manufacturing and collecting dust from shipping, handling, production, and processing.

Designed  
for life

## A culture of quality— backed by a lifetime warranty

As a leader in our industry, we are committed to the highest quality of our products' technical characteristics, sustainability and certification, which allows us to offer you a Caesarstone Lifetime Warranty.

You can have peace of mind that your Caesarstone is going to last even in high-traffic areas.

## Customer Service

When considering investing in a premium quartz surface, there is one thing you should know: The surface you choose is only as good as the company that stands behind it, especially when it comes to customer service.

Caesarstone USA, Inc. will warrant, from the original date of installation, material that fails due to any manufacturing defect when fabricated and installed by a Caesarstone Certified Fabricator.

At Caesarstone, we know that once the installation is complete, our job has just begun. Your satisfaction and service experience are very important; you can count on us.

We'd love to hear from you.
